Nicola Tyler Presents

Edward de Bono's

Power of Perception™

10 Tools for making
better business decisions

2 Day Public Seminar 6 - 7 April 2010 Sandton

We've all said it. Too much to do, too little time. But what if you could really focus? Cut out all the distractions and funnel your thoughts until you drill down to the right action? Think how much more you could accomplish.

NICOLA TYLER
Master Trainer in Edward de Bono's Thinking Systems

"In this time of economic crisis, Premier Foods is thriving, due in no small part, to the contribution Nicola Tyler made to our thinking process. She will help you think the unthinkable."

- Ian Visser
Chief Executive Officer - Premier Foods

THE POWER OF PERCEPTION™

The Power of Perception™ (POP) gives you 10 simple strategies for sharpening your perception and focusing your thinking in a more comprehensive, effective and efficient way. POP™ will enable you to have a broad and inclusive point of view. The tools create a framework for defining situations. The framework will improve your ability to consider consequences before you take action.
